

GLOBAL TAKEBACK CONSULTANCY: WHEN YOU NEED AN EXCLUSIVE SOLUTION

Optimised takeback solutions for customers' individual needs

Extended producer responsibility (EPR) obligations are increasing in scope and complexity: they are applied differently in each respective market.

Recognising that each customer has its own takeback needs, we offer tailor-made consultancy services.

These services best address the requirements of each organisation in alignment with their circular economy initiatives.

Global solutions

Enhancing circular economy initiatives

Tailor-made consultancy

Single point of contact

Customer benefits

- Single point of contact supporting our customers
- Lower project cost compared to full-time employee(s) cost
- Scalable scope of work
- Access to a high level of expertise and professional experience
- Objective and independent analysis
- Full compliance with EPR obligations
- Enhancing customers' circular economy initiatives (e.g. closed-loop recycling)
- Proactively addressing reverse supply chain risk
- Increased reverse supply chain transparency and security
- Enhanced product environmental performance

What does our service offer?

Diagnostics & analysis:

- Requirement gathering and gap analysis

Design & development:

- Risk management, reverse supply chain planning, and functional and technical documentation

Pilot testing:

- On a smaller range before scaling-up the designed solution

Implementation:

- Resources qualification, engagement, and training, outsourcing, and adapted IT systems and tools

Monitoring & improvement:

- Roadmap for efficiency, effectiveness, and KPIs

Expertise

- Worldwide, multi-disciplinary and multi-lingual team of consultants with expertise in EPR, design for recycling and repairability, waste treatment, reverse logistics, quality management, and auditing
- 8+ years providing a broad range of technical studies and consultancy services to support the development and implementation of circular economy initiatives

About us

Landbell Group is a leading global supplier of environmental and chemical compliance services, which helps companies to carry out their extended producer responsibility (EPR) obligations.

With customers in many countries, and colleagues based all over the world, we are a global platform for EPR.

Our unique approach

- An international team and network of compliance experts combine unrivalled operational expertise with consulting competence
- We run more approved EPR schemes than any other organisation globally
- We offer international support for EPR and chemical regulations, as well as software solutions for efficient compliance management processes
- Our global takeback programmes collect products anywhere
